OUTSTANDING STUDENTS AWARDS PRESENTATION CEREMONY 2023

In 2023, The Chinese University of Hong Kong (CUHK) presented **The Outstanding Students Awards** to a total of 210 students, including 80 individuals and 15 groups. These awards were given in recognition of their exceptional achievements beyond academic excellence. They were honored for their remarkable accomplishments, contributions to the community, and demonstration of courage in facing challenges. The Awards serve as testaments to the outstanding talents, hard work, and resilience exhibited by our students in non-academic aspects. They symbolize the pillars of excellence, leadership, and service that we strive to cultivate within our student body. Over 600 outstanding students have received the Awards since 2018.

The Outstanding Students Awards are classified into five categories, namely Arts, Innovation and Invention, Social Service (for the CUHK community and society), Special Achievement and Sports. The awardees have demonstrated excellent achievements, qualities, and traits in one of these areas. Their applications were through self-nomination or nomination by Faculties, Colleges, Physical Education Unit (PEU), Faculty of Education and the Office of Student Affairs (OSA). The awards aim to recognise the students' significant contributions and their continual positive impact on the CUHK community and society. The award recipients are expected to lead by example, and inspire their peers to higher characteristics such as an optimistic mind-set and never turning away from challenges and difficulties.
